STRIKE VOTE COUNTED

Results from the strike vote which was conducted over the last few weeks are in. The members have voted in favor of taking strike action if necessary to back the position taken by the union at the bargaining table. The union will not be releasing specific figures but suffice it to say, the vote was clearly in support of taking job action.

As promised by your committee, the union will be making one last ditched effort to negotiate a settlement with the company before any action is taken. National Rep Gord Hunter has been in discussion with the company and the employer has made a commitment that they too will return to the table in an effort to seek agreement.

Members are reminded that no job action is to be taken without the full authorization of the Committee.
