Back to Bargaining

As promised by your Negotiating Committee during the strike vote meetings, the union has scheduled meetings with the company in an effort to try and resolve the outstanding issues. As such we are meeting at the Saskatoon Inn Monday and Tuesday, May 26th and 27th.

Your committee will make every effort to find a resolution to all outstanding issues.

We have been told by several members that in some locations Management has been using strong and provocative language in an attempt to undermine the union's position and to coerce members to cross a picket line should we have to exercise that option. That is very short sighted on the company's part our advice is not to rise to their bait, to be polite and remind them to stay out of the unions business. We continue to remind members that no job action is to be taken without the full authorization of the Committee.
